Nov. 13 PRAYER DAY FOR CURE OF DIABETES

*Therefore confess your sins to each other
and pray for each other so that you
may be healed. The prayer of
a righteous man is powerful
and effective. - James 5:16*

Please join others around the world to pray for a cure for diabetes. May God guide researchers to a cure and strength, comfort and healing to those who suffer from this disease. Also, bless those who lovingly care for these individuals. Additional materials at the Welcome Center and prayer rooms, either campus, can be sent to others on your e-mail lists or the media in your hometown.

Go to LCM website or check out these for more information ...

Nearly 25.8 million Americans have diabetes - some undiagnosed. Diabetes is the leading cause of heart disease and strokes, kidney disease, blindness and amputations. The good news is that there have been many advances toward a cure for diabetes since the Cure Diabetes Prayer Day was started several years ago.

What can you do?

- *Call upon God to assist the researchers in finding a cure for diabetes
- *Forward this information to everyone in your e-mail database.
- *Say a special prayer for the cure of diabetes in your home, your neighborhood, your Bible Study group and your church.
